				\$
				\$
				\$
				\$
Total Hours				\$

Total Sales = \$ \_\_\_\_\_

Donations + \$ \_\_\_\_\_

Military Donations + \$ \_\_\_\_\_

Total \$ Received = \$ \_\_\_\_\_

***Your change bag should start and end with \$30 in it.***

*Please ask for a driver's license when taking a check. Write the date of birth and driver's license number on the check. Ask if the address is correct.*

Take \$Sales/Hour x Total Time a scout worked to get his Portion of Sales, and enter it above. Total the Portion of Sales column. Rounding may cause this total to differ from the Total \$ Received by a few cents. If this is the case, adjust totals to match Total \$ Received.

Total \$ Rcvd.      Total Hours      Sales/Hour  
 \_\_\_\_\_ ÷ \_\_\_\_\_ = \_\_\_\_\_/hr.
